

BAUE DEINE DNA SEQUENZ

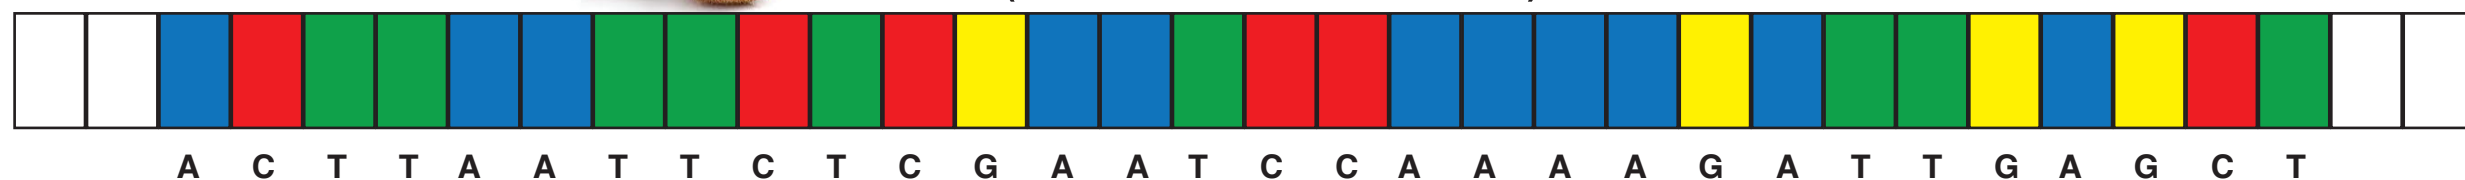

Banane (*Musa balbisiana*)

Erdbeere (*Fragaria × ananassa*)

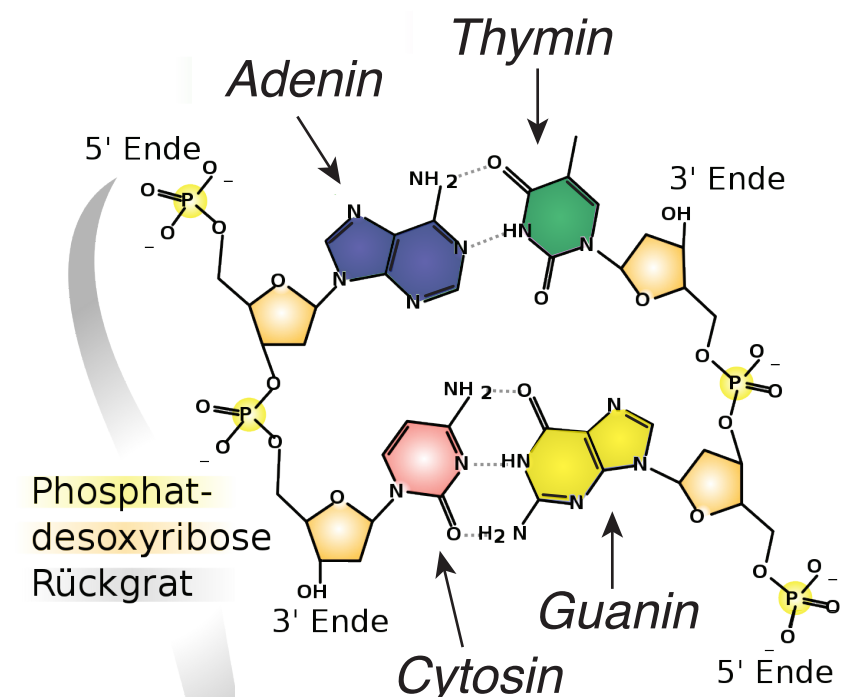

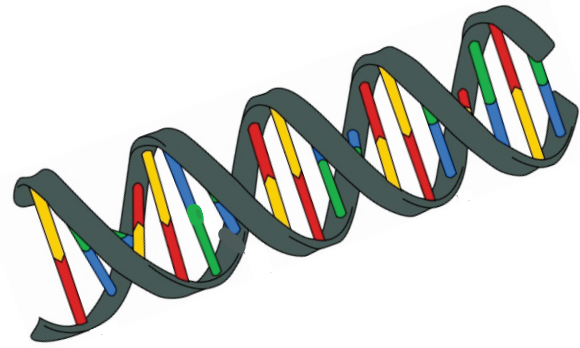

Kiwi (*Actinidia deliciosa*)

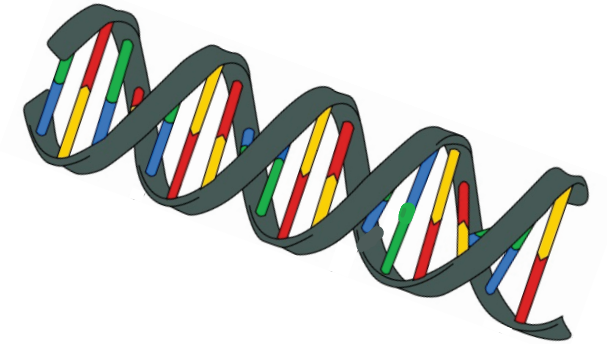

... oder baue deine eigene DNA-Sequenz!

- Regeln:
1. Die Sequenz muss mit zwei weissen Steinen anfangen
 2. Dann folgen maximal 30 bunte Steine
 3. Sie muss mit 4 weissen Steinen enden
 4. Lass die Person am Sequenzierer wissen, dass du deine eigene Sequenz hast.

BUILD YOUR DNA SEQUENCE

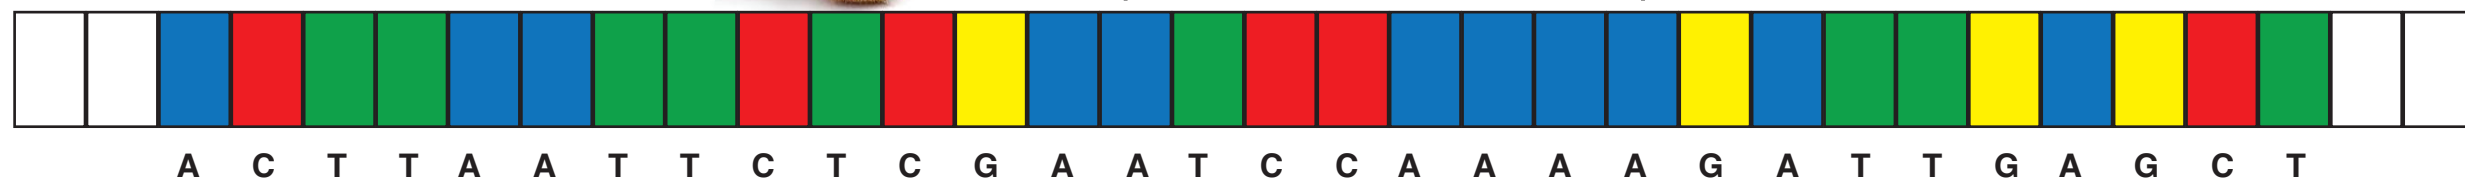

Banana (*Musa balbisiana*)

Stawberry (*Fragaria × ananassa*)

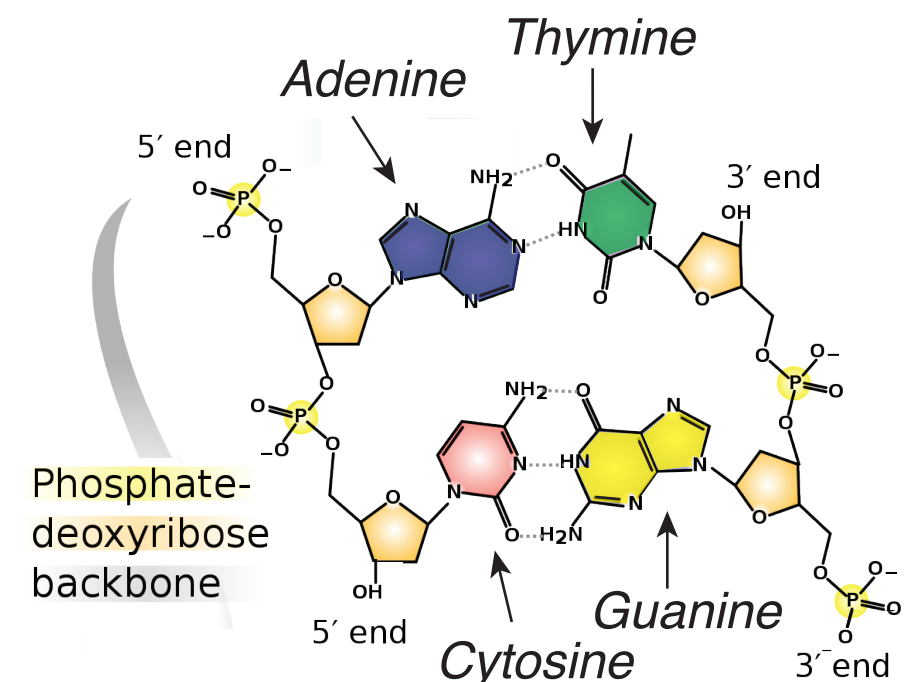

Kiwi (*Actinidia deliciosa*)

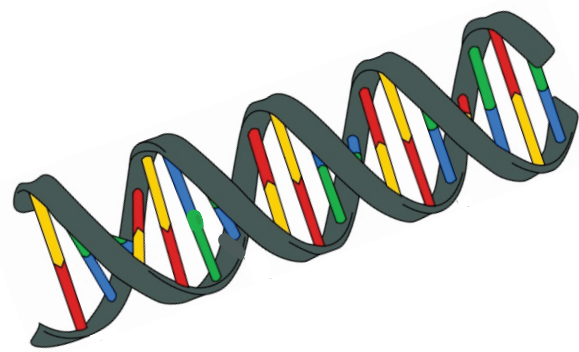

... or build your own DNA-Sequence!

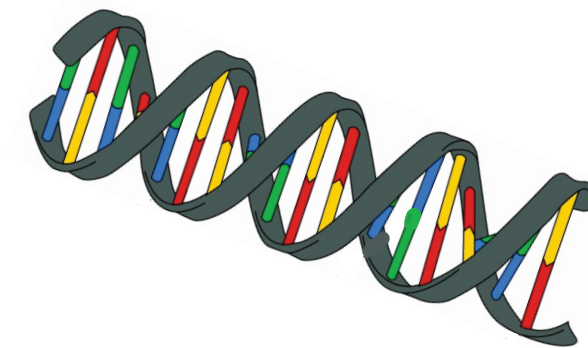

Rules:

1. The sequence has to start with 2 white bricks
2. Followed by 30 colorful bricks
3. It has to end with 2 white bricks
4. Let the person at the sequencer know that you have your own sequence.

CONSTRUIS TA SÉQUENCE D'ADN

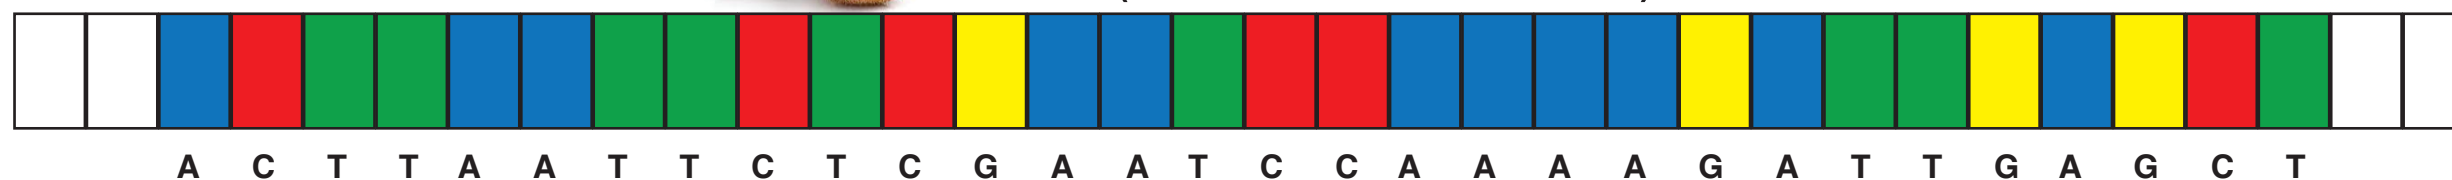

Banane (*Musa balbisiana*)

Fraise (*Fragaria × ananassa*)

Kiwi (*Actinidia deliciosa*)

... ou construisez votre propre séquence d'ADN !

- Règles :
1. La séquence doit commencer par deux pierres blanches.
 2. Ensuite suivie d'un maximum de 30 pierres colorées
 3. Elle doit se terminer par 4 pierres blanches.
 4. Fais savoir à la personne qui se trouve devant le séquenceur que tu as ta propre séquence.
